Special Diet Needs Twin Rocks Friends Camp

Note from NWCCD Staff: *Special food items are ordered two weeks before camp.* If you do not get your request in before that time, then you will be responsible for special dietary needs.

Twin Rocks kitchen staff is able to help you with your special diet needs in two ways: by providing enough variety in the menu from which you may choose, and by making substitutions for some (although not all) menu items in order to give you well-rounded meals. The menus for this week/weekend are posted on the wall to the right of the podium.

Below, please list your special diet needs. Please be as specific as you can, i.e., "no dairy, no wheat, vegetarian, vegan, no peppers or onion, diabetic, etc." Please list only those diet needs that are related to food allergies, medical issues, or lifestyle choices, **but not food preferences**. Thank you.
